LR 10

CLERK: Mr. President. (Read LR 10.) Mr. President, that resolution may be found on page 359 of the Journal.

PRESIDENT: The Chair recognizes Senator Newell.

SENATOR NEWELL: Mr. President, members of the body, I wonder if it is possible to bring both of these together since they do affect the same thing and I think the debate could be the same. The only reason I prepared two separate resolutions was so that each family would get a separate resolution dealing with their loved one and not lump them together in one resolution but I would like to take them together. It might save time.

PRESIDENT: I think what we can do is you may discuss both of them at this time and merely refer to the fact that you have already discussed the next resolution when we come to it which will save the time we will have to vote. We should vote on them separately because of the way they have been introduced. So why don't you just proceed with your presentation.

SENATOR NEWELL: Mr. President, members of the body, I don't want to make a long protracted debate out of this. I would basically say that the State of Nebraska in this small way is recognizing two employees who gave their life to the State of Nebraska and I think for that reason we have a responsibility to recognize these two gentlemen for their work and for that greatest of all commitment whereby they gave their life in service to the State of Nebraska. Mr. Schilling is a family friend and from Bancroft, Nebraska, originally and the other gentleman who I was not privileged to know is a longtime state employee and both of these gentlemen's families deserve this kind of recognition. Thank you.

PRESIDENT: Is there any discussion on LR 10 or LR 11, because Senator Newell was discussing both of them? We will vote now on LR 10 and I presume, Senator Newell, there is no closing then. So the motion before the House is the adoption of LR 10 relative to extending sympathy to the family of Randy Schilling. All those in favor...Senator Duis.

SENATOR DUIS: Mr. President, would it be possible in this instance that somehow have a unanimous vote without the necessity of voting.

PRESIDENT: There is really no such position. As the Clerk suggests, Senator Duis, there is no showing of the vote when this resolution is sent to the family.
